Signature Beach condo description

Stepping into 'SeaBliss' our open floor plan unit, is like stepping into an Aquatic Haven! As you walk into the OPEN kitchen, living and dining area, you are immediately captivated by the sparkling views of the emerald, blue waters and sugar white sand beaches through TWO WALLS OF WINDOWS. You feel like doing the happy dance and with 3240 SQUARE FEET OF LIVING SPACE there is plenty of room to do just that! You open the balcony door and the warm sun and sea air greet you. It's the BIGGEST OCEAN FRONT BALCONY you've ever seen --NEARLY 60' LONG x 8' WIDE with PANORAMIC VIEWS OF the ENTIRE COAST -east, west and south! Oh, and the water, it's so clear and blue that you can see schools of fish shimmering just beneath the surface. As you walk back in the unit, you joke that you're ready for a drink and - what luck!- you discover a COMPLIMENTARY BOTTLE OF CHILLED CHAMPAGNE sitting on the wet bar's GRANITE countertop. You pop it open...carefully aiming the cork away from the 52" WALL MOUNTED FLAT PANEL TV. Suddenly you hear a melody that is somewhat reminiscent of 'Twinkle Twinkle Little Star'. You look up and see your little ones sitting at the BLACK BABY GRAND PIANO. As they happily tinker on the keys, you sip champagne with your companions and start to unwind. Feeling both refreshed and relaxed, you decide to explore the rest of the expansive dwelling and here is what you find....
