Description

Summer Breeze is a charming Caribbean flair 36 unit complex. These affordable condos offer unobstructed gulf views from a private balcony enclosed by white picket fences, a seasonally heated pool, hot tub, bbq grills and laundry on-site. Beach access is located directly in front of this complex. The sugary white sand beaches and emerald green waters of the Emerald Coast are calling your name.

Each condo is tastefully decorated and offers 1 bedroom/1 bath that sleeps 6. There is a king bed in the master bedroom, bunk beds in the hall area, and a queen sleeper sofa. Each condo offers a fully stocked kitchen. Washer/Dryers are located on site and Wi-Fi is available for your internet usage. Walking paths and new beach access were completed in the spring of 2009 for your enjoyment.

This low-rise complex has lush greenery, flowers, and palm trees. Pompano Joe's world famous gulf front restaurant is located across the street from Summer Breeze. Golfing, fishing, dining, shopping, scooter/bike rental and much more are all within minutes of Summer Breeze.

Enjoy the sunrises or sunsets as you sit on your balcony while enjoying your favorite hot or cold drink. Melt away all your cares and watch the day slowly pass by.
